TRADE COUNCIL  
AKRON

CHICAGO has been chosen as the headquarters of the Democratic National Committee, and it is very likely that the 1900 convention will be held there. It will be the Chicago platform over again.

MAYOR CARTER HARRISON of Chicago, will be a candidate for governor of Illinois. He has also expressed himself to Mr. Wm. J. Bryan. As governor, Mayor Harrison will be the right man in the right place.

GOV. BUSHNELL's reply to the Macedonian appeal of Mr. Hanna's local agents to "come over to Summit county and help us" is a sarcastic reminder that "Judge Nash's chickens are coming home to roost."

MASSACHUSETTS is the first state to elect a delegation to the Democratic National convention. The state convention was held today and a delegation pledged to Bryan and the Chicago platform was chosen. The East will be in line for Mr. Bryan when it is needed.

COL. AARON TEEPLE is one of the local Republicans who joined in the tearful entreaty to Governor Bushnell to save the party by visiting Akron on Roosevelt day. And if all reports are true this same Col. Teeple regarded Gov. Bushnell as a dupe and a traitor for not supporting Hanna for the Senate two years ago. Here is a good opportunity for Senator Alexander to get back at Aaron with his own favorite proverb—"as a dog returneth to his vomit," etc.

THE Navy Department, under the influence of a clique controlled by Admiral Sampson, is trying to have Admiral Schley sent off to the command of the South Atlantic Squadron. This is virtually sidelining the popular Admiral for life by placing him in charge of a remote command. But as a delegation of prominent Republicans have assured President McKinley that Maryland, Schley's home, will go Democratic next year unless the Sampson program to humiliate Admiral Schley is checked, the chances are that the Maryland fighter will be given the treatment his heroism at Santiago deserves.

"WELL, didn't you go to Cuba," was the sneering question a Nebraska Republican asked Wm. J. Bryan at a public meeting Tuesday.

"I offered my services to a Republican President the day that war was declared," replied Mr. Bryan, amid the cheers of the people. "That offer was never accepted. I then raised a regiment of my own. When the treaty of peace was signed I resigned because I believed this country was in more danger than Cuba, and I came home to fight Republicans. I had five months of peace in the army and have had constant fighting since I came out."

Mr. Bryan's questioner evidently found out all he wanted to know, for he was not heard from again.

DEMOCRATIC CAMPAIGN OPENING.  
The Ohio Democratic campaign will be opened at Hamilton, Saturday, September 30. There will be two big meetings, afternoon and evening. Among the speakers to be present are: Hon. John R. McLean, Gen. A. W. Patrick, Gen. I. R. Sherwood, Col. Jas. R. Kilbourne, Hon. Jas. A. Rice, Hon. John J. Lentz, Gen. A. J. Warner, Hon. J. A. Norton, Hon. M. A. Foran, Judge A. W. Smalley, Judge W. T. Mooney, Mayor Tafel of Cincinnati, Hon. Paul J. Sorg and Hon. H. L. Chapman.

Excursions will be run from all over the state and it is estimated that upwards of 29,000 people will be there. Various Democratic clubs will be there, including the Duckworth club of Cincinnati, and the Gravel club of Dayton.

The Akron Democratic club should arrange to send a large delegation.

SENATOR MASON'S FEARLESS WORDS.  
The Hon. Wm. E. Mason, the Republican Senator from Illinois, has given the Hanna campaign managers another shock by his outspoken

## condemnation of the Administration's Philippine policy:

"On the floor of the Senate I shall continue my opposition to the war upon the Filipinos," says Senator Mason. "I would sooner resign my seat than treat a dog the way we are treating those people. I am ashamed of my country."

"People make a great mistake when they say that I am against expansion. I am not. But expansion by purchase or other honorable means is one thing; expansion by force is another. I do not believe that there was any necessity for this war upon the Filipinos. I believe that if we had adopted a resolution in Congress, assuring these people as we assured the Cubans, that we had no selfish designs upon them, we would never have met with any opposition in the Philippines. The fact is that we have given the Filipinos every reason to distrust us, and they are fighting for their own liberty."

"Talk about hauling down our flag," continued Senator Mason. "Will not our flag come down in Cuba? Certainly it will, if we are true to our promises. And the day it comes down will be the brightest day in our history, because it will show that we are a great, unselfish nation, devoted to the eternal principles of right and honesty. If the Cubans want to be annexed later, that is another question. Why cannot we deal with the Filipinos in the same way?"

Senator Mason's conviction of what is right and wrong is altogether too pronounced to be influenced by concern for the political fortunes of the Administration. Illinois has reason to be proud of the fact that she has one representative in Congress who cannot be muzzled by the great boss. Ohio people look to Senator Foraker to support Senator Mason in his opposition to Imperialism. They are not likely to be disappointed.

"Judge Nash, while a nice, pleasant man personally, is the political tool of the boss, Hanna, in subservience to whose wishes he consented to humiliate the army and have had constant fighting since I came out."

Mr. Bryan's questioner evidently found out all he wanted to know, for he was not heard from again.

It will be remembered that on the morning of January 3, 1898, the State Journal said:

"Governor Bushnell is seeking to make the wounds his own vanity has received the excuse for treachery and dishonor. He went up and down the State for months acting and speaking a lie to the Republicans of Ohio. It is no wonder a man of such honor and repute as Judge Nash refused to retain an honorable position from a man who has placed himself in such a position."

tion. \* \* \* There can be no guard against such treachery. It is merely a demonstration of human depravity."

And on the morning of January 4: "The coming inauguration of Governor Bushnell is likely to be a very quiet affair. If the Governor is wise he will go before the Chief Justice of the Supreme court, take the oath of office and let it go at that. People of all parties have no use for a dupe and traitor."

And of all the Republicans who preferred another man than Hanna for Senator, the State Journal said:

"They must be counted as traitors to the party and they must not complain if the fate of the traitor is visited upon them! \* \* \* They are committing political, social and business suicide! \* \* \* They might as well go the end of ignominy and ostracism, since they have taken the first step! \* \* \* They will be shunned in their communities, and political and business associates will avoid them as they would a leper!"

The day of reckoning has come.

Governor Bushnell and his friends will need more than human charity if they permit such monstrous insults to remain unnoticed and forgotten.

## HARD WORK

For Foot Ball Team.

Akron's Eleven One of  
Heaviest In Country.

A. H. S. Game With W.  
H. S. Is Postponed.

Focht Wants Another Match  
With Art Simms.

Notes From the Gridiron—Local  
Sporting News.

Electric lights are being placed in position on the Irvin lot, East Market st., which will be used by the Akron Foot ball team as a practice grounds.

Friday or Saturday night the candidates will report for work. From now on until the first game the team will be given hard and regular work. Full back Firestone has taken the pains to figure up the team's weight. It averages 175 pounds to the man, making it one of the heaviest in the country.

Game Postponed.  
The game between the Akron High school and Cleveland South High school foot ball teams, scheduled to take place at Akron Friday afternoon, has been postponed, by reason of several of the Cleveland players being sick.

There are 24 candidates for place on the local High school team, and some excellent practice work is being done.

The team is not fully organized yet. The regular players will be selected after the first two or three games are played. Indications are that the team will be especially strong back of the line; in fact, all the places are being well handled. Clarence Carlton is manager of the team, and Ralph Chamberlain, captain.

Prof. L. R. Garbutt, president of the High School Athletic association, said Thursday to a reporter for the DEMOCRAT: "I never saw a High school foot ball team with better material than we have here. The applicants for place are all strong and clever."

Wants Another Chance.  
John Focht of Canton, who was put out of business by Art Simms of this city, in less than a round at Massillon Tuesday night, is not satisfied with the result. He wants another chance at Simms and if he can get the backing he will be accommodated. Focht is about the easiest proposition that Simms has tackled.

Will Play Here.  
The Central High school eleven of Cleveland has written to the manager of the A. H. S. team for a game on Oct. 7. If arrangements can be made a game will be played on that date. The C.H.S. team commenced preliminary practice Wednesday.

Baldwin's Team.  
It was reported at Baldwin university last week that the manager of the foot ball team had neglected to secure games with the various college teams. As soon as Capt. Glen Watson became aware of this fact he began to hustle for a schedule, and has succeeded in securing games with Oberlin varsity, Heidelberg, W.R.U. and Akron. The Baldwin team will be the same as last year, with the possible exception of two players. The team has been handicapped in securing a coach, but the men expect to indulge in hard practice the first of next week.

Had Candidates Out.  
Captain Alf. Brewster had the candidates for positions on the University school eleven out for practice Wednesday. A Cleveland special says:

The University school candidates were out for the first time yesterday afternoon. There were about 16 players out, but Capt. Brewster did not give them any hard work. One of the best players of last year's team, Sturgis, who played end, was expected to return, but did not show up. It is learned that he will not return to school this year. Capt. Brewster will have hard work in finding another player his equal for the end position. Active practice will begin next Monday.

HOME duties to many women seem more important than health.  
No matter how ill they feel, they drag themselves through the daily tasks and pile up trouble.  
This is heroic but a penalty has to be paid.

A woman in New Matamoras, Ohio, Mrs. ISABELL BRADFORD, tells in the following letter how she fought with disease of the feminine organs until finally forced to take to her bed. She says:

"DEAR MRS. PINKHAM—I feel it my duty to write to you to tell you that I have taken Lydia E. Pinkham's Vegetable Compound and think there is no medicine in the world like it. I suffered for nine years, and sometimes for twelve weeks at a time I could not stand on my feet. I had female troubles of all kinds; backache, and headache all the time. Seven different doctors treated me. Some said I would have to go to the hospital and have an operation performed. But oh! how thankful I am that I did not, that I tried your Vegetable Compound instead. I cannot say too much in its praise, nor thank you enough for what it has done for me. I want you to publish this in all the papers for the good of other sufferers."

The wives and mothers of America are given to overwork. Let them be wise in time and at the first indication of female trouble write to Mrs. Pinkham at Lynn, Mass., for advice. This

ton, who pounded him savagely on the head with a small buckhammer.

Repeated blows from the sharp hammer sent the old man to the floor, but his cries attracted a farmer named Plaggio, 70 years old. As the latter entered he was met by Lawton, who said: "Filibert is in the backroom, and I guess there is something the matter with him."

Plaggio pushed open the door, and as he stooped over the prostrate cashier, Lawton struck him three times on the back of the head with the hammer. The old farmer turned on his knees and grasped his assistant about the legs. Both fell to the floor and struggled for possession of the hammer. Each in turn received blows with it until Lawton drew his revolver. The men then fought for the weapon, and in the scuffle it was discharged, the ball striking Lawton in the abdomen. Plaggio said he had no idea of how the revolver was discharged.

The wound weakened Lawton so much that although he still fought, Plaggio and little trouble in throwing him to the floor and holding him until assistance arrived. A farmer attracted by the shot, entered and seeing the situation summoned a crowd.

Lawton's confessed motive for the assault was revenge on Filibert, who, he alleged, accused the cashier of his wife in New York five years ago. His story is not believed by the police, however. They have no doubt the loading of the bank was the ultimate intention.

The robber says he tracked Lawton for five years. He went to the bank, he asserts, to demand \$1,500 in satisfaction of the old injury. The cash balance of the institution was \$100,000, which was in the vault at the time the assault took place. Filibert said he hadn't been in New York for 20 years. Lawton was brought to Chicago on a late train and placed in the county jail. It is believed both he and Filibert will die.
